# MUAHMMAD SUBHAN Shahid

SOFTWARE ENGINEER

## ABOUT ME

A highly motivated **Software Engineering** student passionate about programming and software development. Skilled in collaboration, problem-solving, and creating innovative solutions, with a commitment to continuous learning and contributing to impactful projects in technology.

## EDUCATION

Bachelor of Software Engineering  
NATIONAL UNIVERSITY OF MODERN LANGUAGES / 2026

## WORK EXPERIENCE

Freelancer  
Devmerce / Jan 2025 - Present

- Worked as a freelancer at Devmerce, primarily fulfilling the roles of a web developer and graphic designer.
- Responsibilities included managing social media platforms, generating leads, and engaging with international clients to foster strong professional relationships.
- Additionally, collaborated with a team of freelancers to execute projects efficiently, gaining valuable experience in teamwork and multi-disciplinary coordination.

## PROJECTS

E-Commerce Website  
HTML,CSS,JS,PHP

- Developed a fully responsive eCommerce platform** using HTML, CSS, and JavaScript, featuring dynamic product showcases and interactive functionalities.
- Optimized site performance** for faster load times and ensured cross-browser compatibility, enhancing user accessibility.
- Applied modern design principles** to create an intuitive and visually appealing user experience.

FRAUD DETECTION SYSTEM  
PYTHON,REACT

## INTERNSHIP

### FRONT END INTERN

WEBDEV MASTERS / REMOTE / Jun 2024 - Aug 2024

- Completed a web development internship where I gained hands-on experience in basic front-end development using HTML, CSS, and JavaScript.
- Collaborated effectively with team members on innovative projects, enhancing my teamwork and communication skills.
- This experience provided valuable industry insights and strengthened my technical foundation.
- Project: Developed a responsive car website landing page utilizing HTML, CSS, and JavaScript.
- Focused on creating an engaging user interface and seamless user experience while applying best practices in front-end development.
